### SPECIAL OFFERS

#### DEOSAN ACTIV, PERACETIC BASED CLUSTER & TERMINAL DISINFECTANT

- Stabilised Peracetic acid solution (5%) which is non-foaming and completely free rinsing. It is highly effective disinfectant against all types of micro-organisms including bacteria, yeasts, fungi, spores and viruses.
- Specially formulated as a terminal disinfectant for use with automated CIP systems. It also has excellent deodorising and stain removal properties.
- Suitable for use through automatic dosing equipment.

Major price reductions from this month on Deosan Activ.

A 25lt Drum is now £29 and  
a 200lt Drum is £198 plus VAT

Further quantity discounts are available

#### PAXTON CIRCULAR DRINKING TROUGHS

- Frost Resistant
- UV Stabilised
- Low Drinking Height, so animals can reach the water easily.
- Removable Service Box cover for access to ballcock.
- Easy to drain through 38mm Drainage Outlet.

This month we are able to offer some Great Discounts on Paxton Circular Water Troughs.

AT6 200 Gallons £216.00 + VAT

AT1 450 Gallons £330.00 + VAT

### COARLIKS

#### Fly Deterrent

#### Garlic Mineral Buckets

The peculiar penetrating odour of garlic is due to high sulphur compounds, which, when expelled through the skin in natural body secretions, produce an invisible barrier which flies and other biting insects find repellent. Though still present around the stock, they seldom land on the skin, significantly reducing the level of irritation and restlessness.

The Coarliks Garlic Bucket is our own top quality General Purpose Mineral tub with a very high inclusion of Garlic added to it.

They are especially beneficial for suckler cows, dry cows and fattening cattle. A 28-day meat and a 7-day milk withdrawal should be allowed.

Feed the buckets 2-4 weeks before the flies arrive to gain the most benefit from Garlic being present in the animal's system.

This month only we will reduce the price of Garlic Mineral Buckets (25kg) by £1 each and if you purchase 12 Tubs you will receive another one Free of Charge!

**COARS LACTO GOLD**

Ready to use lactic acid, chlorhexidine and peppermint based skin conditioning teat spray and foam for outstanding teat hygiene and udder health.

- ✓ Chlorhexidine provides rapid acting teat cleaning and disinfection.
- ✓ High levels of lactic acid to promote healthy skin regeneration leaving teats feeling soft and supple.
- ✓ CONTAINS PEPPERMINT TO SOOTHE INFLAMMATION AND DISCOURAGE FLIES.

We are getting some great reports on Lacto Gold with users especially liking the peppermint that discourages flies.
