EWE-REKA

Lamb milk replacer made with ewe milk

- Sourced from ewes milk (min. 20% inclusion)
- Made with 4 vegetable oils and plant extracts to help minimise clostridial bloat and scour.
- Ewe milk aroma.
- Fully instant formula.

**Unlike cow whey lamb milk replacer, Ewe-reka contains antibodies to specific sheep diseases from ewe whey.

Benefits of Ewe-reka:

- Tastes like ewe milk - encourages drinking and stronger drinking reflex.
- Naturally derived antibodies - healthier stronger lambs.
- Ewe-reka can be fed warm or cold - easy mixed.
- Reduced morbidity and mortality - more lambs for replacement ewes and more to sell.

COARLIKS EXTRA HIGH ENERGY

High specification protein and energy tub for ewes and lambs

- Can be fed as a pre tupping supplement to boost conception rates and then throughout pregnancy and lactation as a supplement to forage to maximise ewe performance.
- Contains 4 quality protein sources and rumen protected fat. No added Urea, therefore EHE is suitable for feeding with silage and spring grass.
- High levels of Vitamin E and Selenium to help boost lamb survival and immunity.
- Full complement of major minerals, trace elements and vitamins including good levels of magnesium and sodium, also contains fish oils.

Available in 25kg and 100kg tubs

HIMALAYAN LUMP ROCK SALT

Himalayan lump rock salt available in tote bags

DELAVAL DELPRO USERS

If you have a Delaval Delpro system running on version V5.X, it will not be supported / compatible with Microsoft Windows version 11. It will run fine as it is, however if you ever encounter a PC issue and require a new PC, your data may not be transferable to Windows 11. To prevent any problems in the future we recommend a FREE upgrade of your Delpro system to V10.X. The only cost that may be incurred are extra PC memory to run if required and installation.

For further details please ring:

Garstang 01995 603555 / Leeming Bar 01677 424727 to discuss.

ROTO CORONA SYRINGE

A complementary feed that helps support the newborn calf's natural defences against the challenges of life.

Roto Corona Plus provides newborn and transported calves with highly concentrated digestible energy and bovine proteins to help get them off to a great start. Ideal for administering at times of stress such as transport. Administering one Roto Corona plus syringe soon after birth can help support natural defences to the challenges of life.
